WE ARE
MORE THAN
ADHESIVES.

WE ARE
**SOLUTIONS
THAT STICK.**

INDUSTRY PROVEN SOLUTIONS

Time Saving Technology

- ◆ Get immediate access to all traffic, including heavy rolling loads, after install with our instant shear strength.
- ◆ Work in occupied spaces without the need to shut down HVAC systems with our low odor formulas.
- ◆ Wax and polish floors immediately, and heat-weld sheet vinyl in just one hour.

Superior Moisture & pH Tolerance

- ◆ Save money by avoiding damages caused by high pH levels and excessive vapor emissions.
- ◆ Avoid adding costly moisture barrier systems with our high moisture-resistant formulas.
- ◆ Get some of the highest pH and moisture tolerances on the market.

Standard Adhesives

Platinum Adhesives

Outstanding Technical Support

- ◆ Have your installers properly trained by our team of technical experts.
- ◆ Get project assessments that prevent problems before they occur.
- ◆ Never be in doubt with our on-call Technical Department.

Excellent 5-year Warranty

- ◆ Protect your install with our 5-year standard warranty, or contact our Technical Department for a 10-year job specific warranty.
- ◆ Get coverage that includes all moisture-related data: pH, MVER and RH readings.
- ◆ Avoid limiting your job to a few flooring options when our adhesives are warranted on over 600 products.

Environmental Impact

- ◆ Ensure healthy indoor air quality with our 0.0 g/mL VOCs adhesives that are compliant with CA 01350, the most widely used method for testing VOC emissions.
- ◆ Use 80% less adhesive overall on flooring jobs with our low profile spray application.
- ◆ Reuse or recycle old flooring when necessary.
- ◆ Recycle aluminum spray cans instead of filling a dumpster full of buckets.
